

## Report Summary

Printed Report Title: QC Summary - Filtration by Batch

Displays QC data for a single batch with charts for temperature, PSI, O2, CO2 and carb levels.

## Default Location In Orchestrated

Base Module: Production > Production Reports > Orchestrated Reports > QC

Reports Module: Reports > Production > Orchestrated Reports > QC

*\*These are the standard default locations. Your locations may be different.*

## Typically Used by

QC Managers and Production Managers will monitor this data to verify that quality measurements are within specifications and to locate opportunities to improve the process

## Key Requirements

Data is summarized from OBeer Advanced QC > Cellar Report > Bright Tank Data

## Tips

Charts are only visible for metrics that contain data. If there is a data record that you do not use, that chart will be hidden.

## Parameter Entry Options

Required:

Batch Number

Optional:

(none)

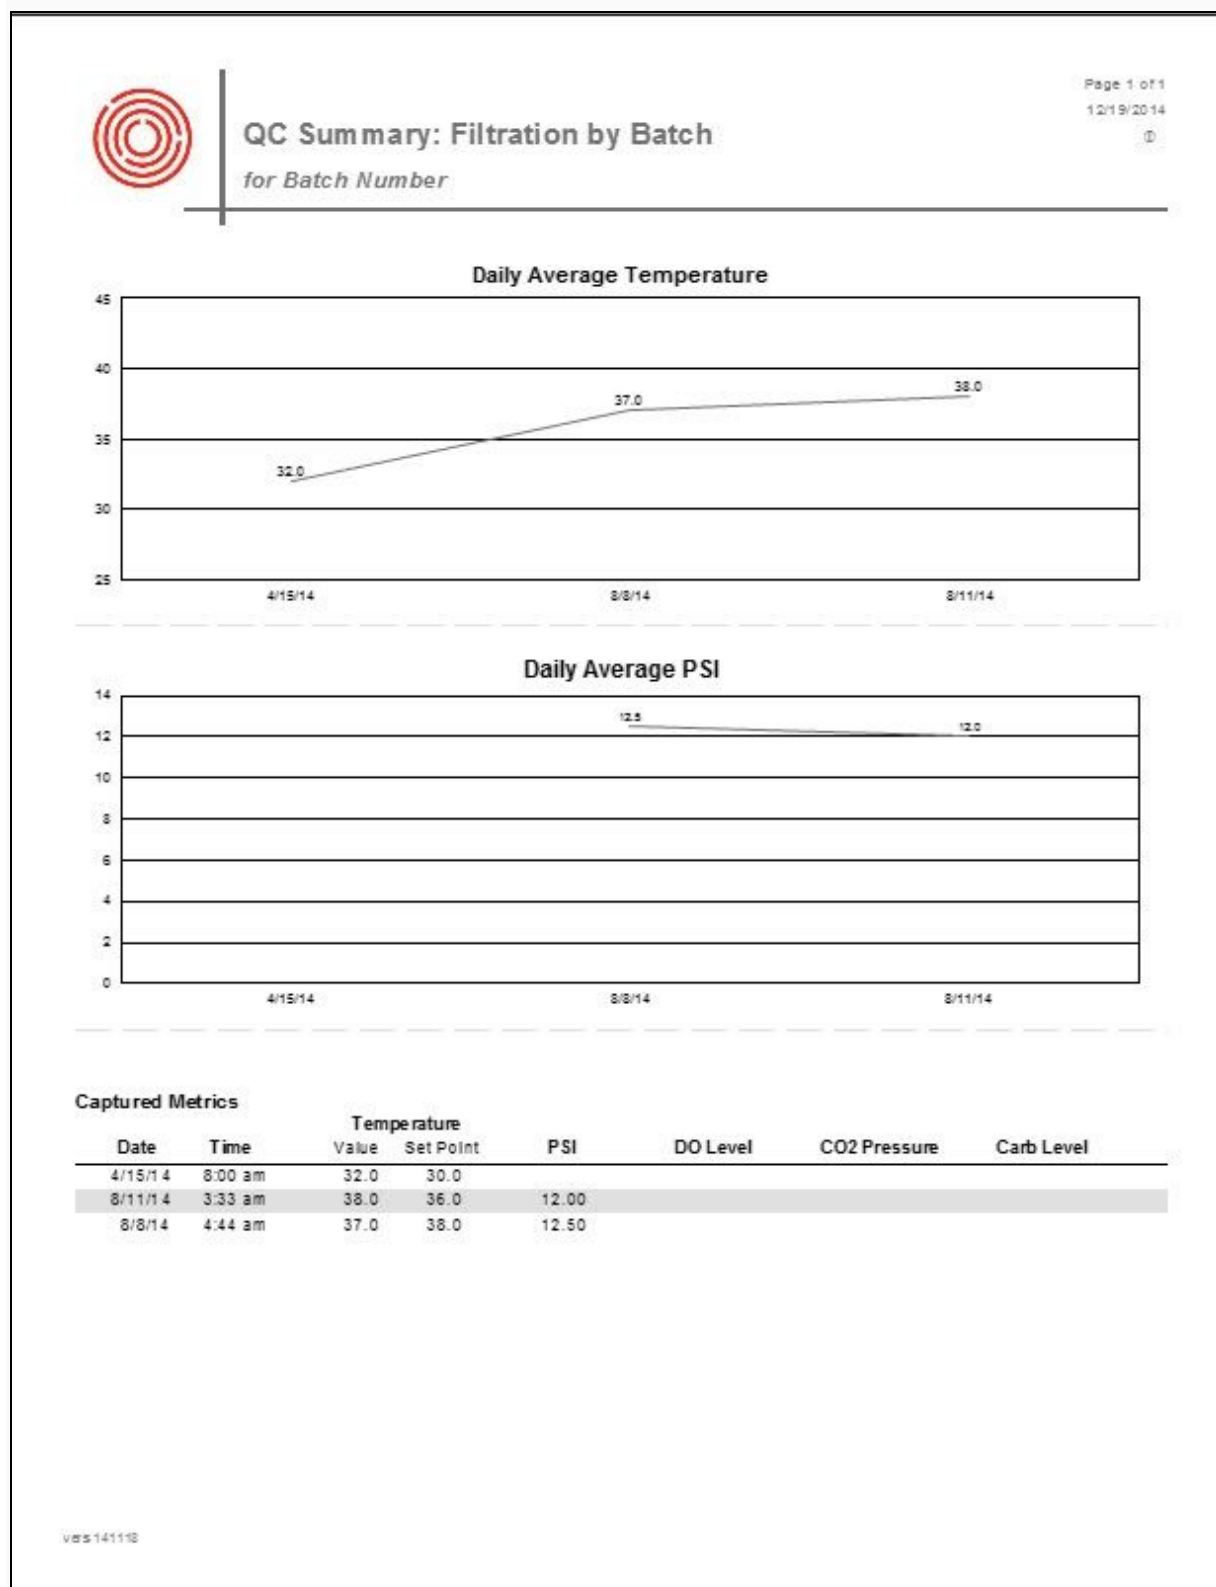

## Parameter Entry Image

A screenshot of a software dialog box titled "- Selection Criteria". The dialog box has a standard Windows-style title bar with minimize and close buttons. Inside the dialog, there is a label "Enter Batch Number:" followed by a yellow rectangular text input field. Below the input field, there are two buttons: "OK" and "Cancel".
