

Summary

A simple place to keep track of CO2 levels within your brewery.

Description

Part of the OBeer Advanced QC package, CO2 Levels provides a simple place to keep track of CO2 Levels and Pressures. This data can be reported on and tracked for detailed usage.

Details / How-To

1. Navigate to OBeer Advanced QC → Cellar Reports → CO2 Levels

The screenshot displays the OBeer Advanced QC software interface. The left sidebar shows a tree view of modules, with 'OBeer Advanced QC' highlighted. Under 'OBeer Advanced QC', 'Cellar Reports' is expanded, and 'CO2 Levels' is selected. A red arrow points from 'CO2 Levels' to the 'CO2 LEVELS' dialog box on the right. The dialog box contains the following fields:

- Location: Brewery #1 (dropdown menu)
- Date: (text input)
- Time: (text input)
- Level [0 - 28,000]: 0.00 (text input, unit lbs)
- Pressure [0 - 400]: 0.00 (text input, unit psi)
- Notes: (text area)
- Initials: (text input)

At the bottom of the dialog box are 'Add' and 'Cancel' buttons.

2. Now select your location from the drop down and enter the reading information as shown.

CO2 LEVELS

Location: Brewery #1 ?

Date

Time

Level [0 - 28,000] 0.00 lbs
