

Report Summary

Printed Report Title: Quick Raw Inventory Planning Sheet

Displays raw material supply, demand and shortages to assist users in knowing what/when to purchase additional materials. Red highlights indicate past due dates for purchasing requirements.

Default Location In Orchestrated

Base Module: Inventory > Inventory Reports > Orchestrated Reports

Reports Module: Reports > Inventory > Orchestrated Reports

**These are the standard default locations. Your locations may be different.*

Typically Used by

Purchasing staff use this to view supply and demand requirements per item and allows them to quickly see when an item will run low.

Key Requirements

Accurate dates for sales, purchasing and production documents.

Tips

Toggle "Items w/ Shortages Only" to greatly reduce the number of pages displayed (and time it takes to run report)
