

## Warehouse Assignment Wizard

## Summary

The warehouse assignment wizard takes the hassle of associated a large amount of items to a new warehouse (tank) and replaces it with an easy-to-use interface.

1. Navigate to Inventory  $\rightarrow$  Warehouse Assignment Wizard

2. Click in the Warehouse Code field, click on the **New** to bring up a list of warehouses. Press the button to create a new warehouse or tank.

Follow the instructions here to create a new warehouse or duplicate a previous one.
